October 2014
September 2010

I.A University of Karaj ,Iran
Infotmation Technology(IT) - B.S

Personalty:

During last 3 years i worked with energy-ful and joy-ful people who were helping each other to progress and get better. Frankly I'm a cheery programmer ,but i need a vignette place to do my best . And as a truth, i live with my responsibilities in my position/place !
